

ALL SHOOK UP

AN ALL-NEW ROCK 'N' ROLL FABLE FEATURING THE MUSIC OF ELVIS

All aspects of our summer high school musical production will be produced by students, including the technical elements! Students will work side by side with City Springs Theatre's Production Team on all technical elements including carpentry, scenic painting, lighting, sound, and stage management. Students are required to participate in an interview for acceptance into the program. All levels of experience are encouraged to interview, as this year, the program will be tailored to different levels, including leadership opportunities to our more experienced students! Register below to schedule your interview!

Pre-Production Dates:

Select students will be asked to come a week early for pre-production to prep the rehearsal spaces and prepare to enter leadership roles for different departments. Selections will be made once all interviews have been completed.

Wednesday, May 31, 2023 - Friday, June 2, 2023
