

## CLASS DEFINITIONS

**Company Class:** This class is a technique based class taught in a group setting. Curriculum will include group acting techniques and fundamentals, special projects, learning production numbers, scenework, cold reading, end of year showcase material, etc.

**Conditioning/Master Class Series:** We are excited to be able to incorporate a class that will be a multi week rotation of a variety of different classes, incorporating core engagement and conditioning throughout. Classes will range from hip hop dance, different styles of jazz and modern dance, choreography with guest teachers, pilates, etc.

**Jazz and Ballet Classes:** Students will be divided into 4 levels based on their jazz and ballet training experience, offering a more realistic approach to pushing students to their next level in their dance training.

**Junior Company:** This company is geared toward students age 11-14, laying the foundations to all areas of musical theatre technique! Students will receive a company class working on acting fundamentals as well as a studio class, so they can continue to enhance their audition techniques and audition books.

**Studio Class:** This class is geared toward 1:1 opportunities with your company director(s) to build your audition books, monologue repertoire, observation of individualized coachings, working on end of year showcase solos, duets, etc. and more!
